Cardiocore Experts Deliver Science and Data Presentations at Partnering with Central Labs, ECG, and Imaging Labs

Washington, DC— Cardiocore, a premier centralized cardiac testing lab, announced today that five of the company's scientists and executives will provide electrocardiography (ECG), echocardiography (ECHO) and data management presentations at the *7th Annual Partnering with Central Labs, ECG, and Imaging Labs* on January 26-28, 2009 in Las Vegas, Nevada.

On Monday, January 26 at 9:00am, Cardiocore Chief Medical Officer, Lawrence Satin, MD, FACC and Dr. Rick Turner, Cardiocore Senior Scientist will present a workshop entitled *Premarketing Assessment for Noncardiac Drugs*. That afternoon at 1:45pm, Cardiocore Vice President of Medical Operations, Polina Voloshko, MD and Cardiocore Senior Scientist Nelson Schiller, MD, FACC will lead a second workshop entitled *The Value & Increasing Importance of Echocardiography in Clinical Trials*.

Cardiocore Chief Executive Officer, Jennifer Cotteleer who is an expert in clinical data management systems will present the advanced topic of *ECG Data Integration and Standardization with CDM/ EDC Systems* on Tuesday, January 27 at 2:00pm. The following day at 3:00pm, Dr. Satin will present *Methods to Mitigate the Potentially Distorting Effect of Heart Rate in QT Analyses*.

More details about this important partnership conference may be accessed through Cardiocore's web site at <http://www.cardiocore.com/news/events>.

About Cardiocore: Cardiocore has provided superior centralized cardiac testing services to the pharmaceutical industry for 16 years. Services include centralized electrocardiography (ECG), Holter, echocardiography (ECHO), multigated acquisition scans (MUGA), and consulting services such as protocol development, scientific reporting and statistical analyses. The company is experienced in the design and the implementation of cardiac safety and efficacy testing in Phase I-IV and Thorough QT clinical trials. These services are supported by the company's advanced data management system featuring the proprietary HolterGateway™ and CardioPortal™. Cardiocore's U.S. headquarters is located in Bethesda, Maryland, its West Coast office is located in San Francisco, California, and its European subsidiary, Cardiocore Limited, is located in London, England. www.cardiocore.com
