Cardiocore Scientist Presents Keynote Address at 2nd Annual Drug Tracking Summit

Professor Rick Turner Shares Strategies for Integrated Drug Safety Assessment

Washington, DC— Cardiocore, a premier centralized cardiac testing lab, announced that Senior Scientist, J. Rick Turner, PhD, PGCE, MICR CSci, MTOPRA, will present the keynote address at the 2nd Annual Drug Tracking Summit the on April 28th, 2009 in Philadelphia, PA.

Professor Turner's talk is entitled "*Drug Safety, Medication Safety, Patient Safety: Integrated Pharmaceutical Medicine.*" His presentation focuses on pharmacotherapy, and touches upon many facets of safety within integrated pharmaceutical medicine, including:

- Nonclinical and clinical development programs assessing a drug's safety and efficacy;
- Postmarketing surveillance throughout a drug's time on the market;
- Regulatory decisions throughout lifecycle drug development, including marketing approvals and withdrawals;
- Ensuring the manufacture and supply of top quality medicines; and
- Educating physicians and patients about the appropriate use of medicines.

More information about Professor Turner, his research and publications is available through Cardiocore's corporate web site, www.cardiocore.com.

***About Cardiocore:** Cardiocore has provided superior centralized cardiac testing services to the pharmaceutical industry for 16 years. Services include centralized electrocardiography (ECG), Holter, echocardiography (ECHO), multigated acquisition scans (MUGA), and consulting services such as protocol development, scientific reporting and statistical analyses. The company is experienced in the design and the implementation of cardiac safety and efficacy testing in Phase I-IV and Thorough QT clinical trials. These services are supported by the company's advanced data management system featuring the proprietary HolterGateway™ and CardioPortal™. Cardiocore's U.S. headquarters is located in Bethesda, Maryland, its West Coast office is located in San Francisco, California, and its European subsidiary, Cardiocore Limited, is located in London, England. www.cardiocore.com*
